

# THIS MAY BE TOMORROW'S LIFELINE FOR MILLIONS

If the worst should happen :: if America should be attacked . . . if atom bombs should fall with all their fury :: would there be enough blood available for the millions who would need it?

The answer must be yes . . . and in time it can be yes :: if you help now through your Red Cross.

Your Red Cross has been given the responsibility for planning, operating, and coordinating a nationwide blood program for the armed forces and for civil defense.

Money, as well as blood, is needed. Won't you give, and give generously, through your Red Cross?

## Plan Now to Make Your "Deposit" In

*Mobilize for defense + give now!*
